Get the RIGHT channels & features
for the RIGHT price with Skitter TV

Skitter TV delivers all the best programming – including sports, lifestyle, and family channels – at a price you'll like. Plus, create the perfect TV enjoyment experience with advanced must-have features:

- **Remote Storage DVR** [†]

Record multiple programs simultaneously then replay them from any set-top box or device in your home. You can record up to 100 hours of programming to enjoy when you're ready. And because your recordings are saved and backed up on the Skitter system, you never have to worry about losing your recorded programming to a hard-drive failure.

- **Restart TV** [†]

Have you ever turned on the TV and found a great show playing, but it started 15 minutes earlier? No problem, with Skitter's Restart TV. Now you can go back up to three hours in the on-screen guide to start watching from the beginning of a program in progress.

[†] Advanced features such as Remote Storage DVR and Restart TV are subject to rights availability under content licensing and applicable law, and are therefore unavailable for some channels. Additional Remote Storage DVR recording time may be purchased for an additional fee.
